AMENDMENT

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Office Action mailed April 24, 2002, please amend the application as follows:

IN THE CLAIMS:

Please amend claim 4 and 6 as follows:

- 1 Sub C.1
- 2 4. (Amended) A gas assist mold dump valve positioned between a gas
- 3 controller and a mold cavity, said valve comprising:
- 4 a regulator body having an inlet in fluid communication with a gas controller,
- 5 an outlet in fluid communication with a mold cavity, a vent and a piston mounted for
- 6 reciprocal movement between a first position wherein said vent is closed and a second
- 7 position wherein said vent is open, said piston being balanced such that it has a
- 8 greater than one to one dome to seat ratio; and
- 9 a check valve disposed between and in fluid communication with said inlet
- 10 and said outlet of said regulator body having an open position that permits a fluid to
- 11 flow from said inlet to said outlet and a closed position that prohibits the flow of a
- fluid from said outlet to said inlet.
